page.richText() API

Bold **red** *italic* *blue* underline green ~~strikethrough~~

Mixed sizes: 20pt 14pt 10pt normal

Rich text supports **bold**, *italic*, underline, ~~strikethrough~~, font sizes, and colors -- all on the same line.

flow.richParagraph() with built-in fonts

Bold *italic* underline orange ~~strikethrough~~

18pt 12pt *8pt* *tiny*

Custom H3 tag with inline styles

flow.richParagraph() with embedded font

Embedded font with ~~rich~~ styles

renderTemplate() with richParagraph

Template rich paragraph: **bold** **red** *italic* *blue* underline green

Second template ~~*richParagraph*~~ with mixed **sizes**.

Inline runs flow together *and wrap* across lines when the text block width is exceeded by the combined run widths.
